Once demolition is started, the total of the demolition work being done, shall be completed within 30 calendar days from the date of issuance the permit. No allowances are allowed for improper planning on your behalf, nor are allowed for inclement weather. If demolition is not completed within the allotted time, the permit may be required to be renewed, or the county may at its discretion, finish the demolition and attach a lien to the property.

All soil and erosion measures must be in place during and after the demolition. The property must be cleaned of all debris and graded so as to be level and presentable.

When completed, it is required for Planning and Zoning to do a final inspection. You may call us at 706.468.4940 or you can come in to the office and request the inspection.
