1. A public hearing will be held to remove the use of Mining/Quarry from the Table of Permitted Uses (Sec 119-269).

Shane Sealy stood before the board to present the application 2021-4-002 for the removal of mining/quarry from the table of permitted use. The topic went before the P&Z board December 16, 2021. They recommend approval 5-0.

Mary Patrick stood before the board. She stated that she is against having Quarries in the code. She stated that it will ruin our roads. Anyone who lives near there will be subjected to noise all day long, there will be dust that will be bad for people's health. She stated that values of property will also go down.

Kenneth Tillman, Hillsboro. He stated that he thinks most of the people down there will be against the rock quarry. We can buy our rocks like we've been doing. He thinks that's the cheapest thing for everyone involved.

David Shephard, Goolsby Road, thanked the Commissioners for addressing the rock quarry.

2. A public hearing will be held to remove the use of Adult Entertainment Business from the Table of Permitted Uses (Sec 119-269).

Jasper County Board of Commissioners Meeting Minutes January 3, 2022 – Regular Meeting

Shane Sealy stood before the board to present application 2021-ORD-003 for removal of Adult Entertainment Business on the permitted use table. Section 119-269. The P&Z Board heard this on December 16, 2021 and recommended approval 5-0.

Mary Patrick stood in favor of removing the Adult Entertainment. She stated that someone stated that they are against having Adult Entertainment. There is no reason to ever have Adult Entertainment in Jasper County, it causes crime, drugs and other issues that we don't want in our county.

3. A public hearing will be held for a preliminary plat for Lakeview Subdivision Phase 2 (application number 2021-Prelim-002) on Lloyd Street off of Jackson Lake Road.

Shane Sealy stood before the board to present application 2021-PRELIM-002 for Lakeview Subdivision Phase 2. This is phase 2 of an existing subdivision. It has proposed 10 lots average of an acre. It uses the Yield plan. This was hear by the P&Z board and recommended approval 5-0.

Mary Patrick stated that she is not opposed to the plat. She stated that she brought up a question in the Planning and Zoning Board meeting but her question was never answered. She stated Our code states that all cul-de-sacs have to have 60ft radius. She stated that from what she can remember the cul-de-sac only had a 46 ft.

Shane Sealy stated that the code calls for 42.5 ft radius (section 105-221).

Mary stated that "we have various things in our code and yall know that"

4. A public hearing will be held for a preliminary plat for Waters Edge Subdivision Phase 2 (application number 2021-Prelim-001) on Lawson Drive off of Long Piney Road.

Shane Sealy stood before the board to present the application for Waters Edge Subdivision Phase 2. This will be the back side of the subdivision. This phase includes a 55 lots with avg 1.2 acres. This was heard by the P&Z board on December 16th. The recommended denial 3-2.

Lance Harper (Mansfield) stood before the board in favor of the Phase 2. He stated that the preliminary plat was submitted and approved back in 2004. The construction plans were submitted and approved in 2005. Phase one was built shortly after. The recession hit in 2008 halting construction. Now the developer wants to finish Phase 2. The current preliminary is very similar to the original preliminary plat. The only exception is we tried to bring things up to current code where possible. Green space was added, kept the same number of lots, the lots are larger than the minimum required. Since the last meeting the cul-de-sacs have been increased to 50ft radius for the edge of pavement and 60ft right-of-way. He stated that it has been brought up about the two exits. We could not do that because we are land locked.

Stan Studdard (Monticello) stood in opposition to Phase 2. He stated that he don't lock his doors. And he hopes that the BOC will go along with the P&Z board.

Mark Watson (Mansfield)- He stated that he has one lot that separates him from the subdivision. He stated that he was in the discussion when they first started the subdivision. Somehow the lots in Phase 1 was broken down to much smaller lots. His concern is lack of egress.

Rhonda Pope (Long Piney Road)- stated that there has not been any curbing or sidewalks added to Waters Edge while it was required for the subdivision down the street. She stated that nothing has changed and nothing will change. There is not internet service.

Tim Prosser (Long Piney Road)- stated that traffic is one of his biggest concerns. The road already stays in disrepair. He thinks allowing Phase 2 is a bad idea.

Presentations/Delegations-

Monticello-Jasper County Chamber of Commerce Update - Mandi Tanner

Mandi Tanner stood before the board to give an update from the Chamber and Visitor Center. She stated that in 2021 we had our largest number of Cornerstone Members to date along with our largest memberships to date. The memberships range from family memberships to utility memberships. We have an average of 15 people per day visiting the tourism center. They hand out a lot of state maps because a lot of people lose cell service once they hit Jasper County. There were six people recently wanted to visit for My Cousin Vinny. Market on the Square runs from May to September. We averaged 25 vendors each week. We have a Jasper County Cookbook that launched in December 2021 they are available at the visitor's center. We had some filming opportunities in 2021, the Today Show did some filming for an Ancestry.com segment, Seven Little Johnstons filmed during Deer Festival, and we were chosen for the Netflix film which will launch in Summer 2022. Netflix poured a lot of unexpected funds into our community. All businesses on and off the square were reimbursed with either rent or inconvenience fees among other things. Deer Festival 2021 was in the middle of all the filming. We had our largest amount of vendors to date. Businesses and Vendors had record breaking days. We have been doing the shop small Saturdays for the past few years. These have been very successful and will continue doing this in 2022. We received the most nominations for citizen of the year ever this year. The nominees will be featured each week in the Monticello News leading up to the Annual Dinner which is March 3rd. The theme for the dinner this year is "Our Future is so Bright We have to Wear Shades" We have partnered with Chamber member STTV who plans to come to Monticello to do 60 second commercial opportunities for our local businesses that they can use on their websites and QR codes on business cards.

Jasper County Water Authority Update – Ron Burch

Ron Burch, Chairman of Jasper County Water Authority stood before the board stated that soon they will be replacing 1500 ft of water main on Jackson Lake Road just below Lakeview Marina. A study was done earlier to see what is needed to better service our customers. The study identified three items that were needed, elevated water storage tank that will help with the water pressure; drill a minimum of two wells to provide our own water supply, and need to add several mile of water main into areas of the county that are not currently serviced but are in our service area. There is a work session planned for tomorrow night to discuss the study. They have applied to CHEFA who told them they need to do an archeological expedition before they can continue their paperwork. He stated that they are looking into whether the CARES act can provide them with an funds. In 2021 the JCWSA paid off two loans that they had. They are in the process of refinancing their USDA loan.

Citizens Comments:

Mary Patrick- stated that she would like to encourage them with the moratorium on subdivisions. She stated that she thinks it's ridiculous that some of the things that have already been passed is not up on Municode. The 125 Road Frontage was passed a year ago and it's not on Municode. If you have to go to court the judge looks at Municode not what you passed. It's really important and yall are in charge of and make sure it's done. The more we go through these codes, we have conflicting things throughout the code. She stated we definitely need to do something about the yield plan because the Yield Plan is doing everything to get around the two acre lot size as well as road frontage and everthing else. We need to do away with the Yield Plan and just require the greenspace and the have two acre lot. She stated that she do know with Rivian there have been a lot of comments from people who live near there that are not happy, people who are going to make money of course will be happy. Shane Short with the JDA has said that the counties need to fix their zoning so that growth only happens where they want it to happen and how they want to happen. So she hopes that when someone comes forward to change it the board will have the will to stand firm for what we want in this county.

Stan Studdard- Monticello, He stated that he hopes to keep the county rural. He hopes that people will use local contractors and not mega builders. Why not have lakefront communities if we trade out our trees.

Matthew Colburn-Monticello, stated that he lives on Jackson Lake. He stated that Miss Sarah Road has not been paved since the early 80s. They have issues with people coming in from Rolling Woods Cove spinning tires out, wrecking vehicles. There are potholes on the street that are 16 inches deep. He stated he would like to see the road resurfaced and possibly cut off from Rolling Wood Estates.

Doug Dockery- Monticello- Stated that his Aunt and Uncle has lived on Miss Sarah for a long time and the road has not been resurfaced since 1982. He stated that the road can be cut off and still allow utility access.

Larry Brown-Hillsboro- He stated that he has lived in 5 counties around Metro Atlanta. He stated that is taxes are more here and he gets less services. He stated "yall said yall were going to raise the thing 20% but yall said the taxes were not going to go up."

Chairman Henry stated that the taxes is based on the millage rate. We would drop the millage rate to keep the taxes from going up. We use the rollback rate to keep the taxes from going up.

Kelly Colburn-Monticello-There are two potholes a few feet into the turn onto Miss Sarah. People turn around and have knocked over mailboxes a few different times. She would really like to see someone come out and see their road and think about shutting it down.

Karen Williams- Long Piney Road- The traffic is heavy already. She can't walk with her grandchildren on the road.

Sandy Dockery- Miss Sarah Road- She stated that she came to support her neighbors. The road needs to be resurfaced. It's uncomfortable for her aunt to even ride on the road. Her car has been damaged from driving on the street.

County Commissioner's Items:

<u>Commissioner Ledford</u>- Commissioner Ledford stated that he received a call about litter again. He asked Sheriff Pope if he knew when they would start back with the litter pick-up with the inmates.

Sheriff Pope stated that they have picked up some roads recently with a small crew. He stated that the issue seems to be that it is reoccurring. As soon as they pick up a few weeks later it looks like it hasn't been done. He stated that if they are notified they can pick it up sooner rather than later.

<u>Commissioner Stunkel</u>- Commissioner Stunkel stated that he received serval calls and emails about Miss Sarah Road. He stated that he spoke with Sheriff Pope about his thoughts on condemning the end of the road. He stated that Sheriff Pope is in favor of doing that to separate the two areas.

Commissioner Jernigan—Commissioner Jernigan stated that we need to do a better job on maintaining roads. We haven't been able to do anything in the last couple of years because of equipment problems and due to shortages. Without the tax revenue it's hard to hire people, it's hard to buy equipment and it's hard to keep equipment fixed. We know what needs to be done, it costs money to do it, but we try to keep the taxes as low as possible because we want everybody to be happy. We want to have a nice place to live, everyone likes a rural county, and we can't have one without the other. So bear with us we are doing the best we can do with what we have.

Attorney Ozburn stated that he is not clear if they were platted together. Once a plan is approved and investments are made according to the plans sometimes you have rights that are vested based on that.
