#### **INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners Jasper County, Georgia

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Jasper County, Georgia** (the "County"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Jasper County Board of Health (Health Department) and the Development Authority of Jasper County, which represent 72 percent, (0) percent, and 38 percent, respectively, of the assets, net position, and revenues of the component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Jasper County Health Department and the Development Authority of Jasper County, is based solely on the report of the other auditors.

## **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audit contained in *Government Auditing Standards* (*GAS*), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Emphasis of Matter**

As discussed in Note 19, an error was discovered in the County's financial statements for the fiscal year ended June 30, 2023 resulting in the overstatement of the Impact Fee Fund's expenditures and the understatement of the Capital Improvements Fund's expenditures. As a result, the County corrected the errors by restating fund balances in those funds for fiscal year 2023. The effects of the restatements are discussed in detail in Note 19. Our opinions are not modified with respect to these matters.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *GAS* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

## **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the schedule of changes in the County's net pension liability and related ratios on page 56, the schedule of County contributions on page 57, the schedule of changes in the 911 Authority's net pension liability and related ratios on page 58, the schedule of 911 Authority contributions on page 59, and the notes to the required supplementary information on pages 60 and 61 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial

statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

## Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules for the nonmajor special revenue funds, Food Bank CDBG project cost schedule, Food Bank CDBG source and application of funds schedule, the Jasper County 911 Authority statements, the Jasper County Public Facilities Authority statements, schedules of projects constructed with special purpose local option sales tax proceeds, and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, budgetary comparison schedules for the nonmajor special revenue funds, Food Bank CDBG project cost schedule, Food Bank CDBG source and application of funds schedule, the Jasper County 911 Authority statements, the Jasper County Public Facilities Authority statements, schedules of projects constructed with special purpose local option sales tax proceeds, and the schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules for the nonmajor special revenue funds, Food Bank CDBG project cost schedule, Food Bank CDBG source and application of funds schedule, the Jasper County 911 Authority statements, the Jasper County Public Facilities Authority statements, schedules of projects constructed with special purpose local options sales tax proceeds, and the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *GAS*, we have also issued our report dated February 26, 2025, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *GAS* in considering the County's internal control over financial reporting and compliance.

## JASPER COUNTY, GEORGIA RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION JUNE 30, 2024

| Total Fund Balance per Balance Sheet of Governmental Funds  | \$<br>14,834,512 |
|---|------------------|
| Amounts reported for governmental activities in the statement of net position differ from amounts reported in the balance sheet of Governmental Funds due to the following:   |                  |
| Investment in Joint Venture is not available during the current period and therefore, is not reported in the funds.   | 2,537,990        |
| Net Pension Asset is not an available resource and, therefore, is not reported in the funds.  | 859,604          |
| Capital Assets  |                  |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. However, in the statement of net position the cost of these assets are capitalized and expensed over their estimated lives through annual depreciation expense. |                  |
| Cost of the Assets  | 38,295,458       |
| Less Accumulated Depreciation   | (15,415,991)     |
| Deferred Outflows of Resources  |                  |
| Related to Pensions   | 576,058          |
| Revenues  |                  |
| Some of the government's revenues will be collected after year-end but are not available soon enough to pay for the current period's expenditures and therefore are unearned in the funds.  | 295,614          |
| Liabilities   |                  |
| Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:  |                  |
| Notes Payable   | (260,432)        |
| Compensated Absences  | (258,666)        |
| Deferred Inflows of Resources   |                  |
| Related to Pensions   | <br>(127,623)    |
| Total Net Position of Governmental Activities   | \$<br>41,336,524 |

## JASPER COUNTY, GEORGIA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2024

| Net Changes In Fund Balances - Total Governmental Funds  | \$<br>2,629,166  |
|--|------------------|
| Amounts reported for governmental activities in the statement of activities differ from amounts reported in<br>the governmental fund statement of reviews, expenditures, and changes in fund balances due to the<br>following:   |                  |
| Investment in joint venture is not available during the current period.<br>Change in Investment in Joint Venture   | 545,878          |
| Net Pension Asset  |                  |
| Net pension asset is not available during the current period and therefore, is not reported in the<br>Increase in Net Pension Asset  | 385,476          |
| Governmental Funds Report Capital Outlays as Expenditures.   |                  |
| However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation expense in the current period.  |                  |
| Depreciation Expense   | (1,687,987)      |
| Capital Outlay   | 4,754,688        |
| The net effect of various miscellaneous transactions involving capital assets (i.e., sales and donations) is to decrease net position.   | 6,417,746        |
| Deferred outflows of resources related to pensions is not available during the current period and therefore, is not reported in the funds.   |                  |
| Change in Deferred Outflows of Resources Related to Pensions   | (210,310)        |
| Long-Term Debt   |                  |
| Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. The adjustments for these items are as follows: |                  |
| Notes Payable  | 282,592          |
| Compensated Absences   | (20,923)         |
| Deferred inflows of resources related to pensions is not available during the current period and therefore, is not reported in the funds.  |                  |
| Change in Deferred Inflows of Resources Related to Pensions  | 57,010           |
| Revenues   |                  |
| Because some revenues will not be collected for several months after the government's year end,  |                  |
| they are not considered available revenues and are unearned in the governmental funds. Unearned revenues increased by this amount during the year.   | <br>93,946       |
| Change in Net Position of Governmental Activities  | \$<br>13,247,282 |

## JASPER COUNTY, GEORGIA GENERAL FUND STATEMENT OF REVENUE, EXPENDITURES, AND CHANGES IN FUND BALANCES - BUDGET AND ACTUAL FOR THE FISCAL YEAR ENDED JUNE 30, 2024

\*The effective date for the implementation of GASB No. 100 - Accounting Changes and Error Corrections is July 1, 2023. The Development Authority of Jasper County has elected not to early implement GASB No. 100 - Accounting Changes and Error Corrections, as of and for the year ended December 31, 2023.

THIS PAGE INTENTIONALLY LEFT BLANK

NOTES TO THE FINANCIAL STATEMENTS

#### NOTES TO THE FINANCIAL STATEMENTS

Jasper County, Georgia (the County) was chartered by an act of the General Assembly of the State of Georgia. The County operates under a County Commission form of government and provides the following services as authorized by state law: general administrative services, public safety, roads and bridges, courts, and health and welfare. The County also operates two enterprise funds, a landfill, and curbside pickup.

#### (1) Summary of Significant Accounting Policies

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting.

The most significant of the County's accounting policies are described below.

#### **Reporting Entity**

As required by GAAP, the financial statements of the reporting entity include those of Jasper County (the primary government) and any component units. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. In addition, a component unit can be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The component units discussed below are included in the County's reporting entity because of the significance of their operational and financial relationships with the County. In conformity with GAAP, as set forth in Statement of GASB No. 61 *The Financial Reporting Entity: Omnibus, an amendment of GASB Statement No. 14 and 34*, the County's relationships with other governments and agencies have been examined. The financial statements of each component unit have been included as a discretely presented component unit. The component unit columns in the combined financial statements include the financial data for the Jasper County Joint 911 Authority, as of June 30, 2024, the Development Authority of Jasper County, as of December 31, 2023, the Jasper County Health Department, as of June 30, 2024, and the Jasper County Public Facilities Authority, as of June 30, 2024. The financial information for the component units is reported in the statement of net position in a column separate from the primary government to emphasize they are legally separate from the County.

<u>Jasper County Board of Health (Health Department)</u> - This agency offers immunizations and other direct health service to citizens of Jasper County as well as inspections and other preventive types of services. While a local board is appointed to oversee the operations of this agency, it is a state dependent agency. The County appoints the voting majority of the board. The County provides significant operating subsidies to the department. The Health Department maintains its financial records on a fiscal year ending June 30. Complete financial statements of the individual component unit can be obtained directly from the administrative office as follows:

> Jasper County Board of Health 825 Eatonton Street Monticello, GA 31064

<u>Jasper County Joint 911 Authority (Joint 911 Authority)</u> - The Joint 911 Authority provides emergency call answering services and day to day radio communications dispatch services for law enforcement, emergency management, fire, and emergency medical service. The Joint 911 Authority receives funding from Jasper County. The Authority is governed by a board comprised of five (5) members appointed by the County, three (3) members by the City of Monticello, and one (1) member by the City of Shady Dale. Specific information relative to the Authority may be obtained at the Jasper County Commissioner's Office. The Joint 911 Authority does not issue separate financial statements.

## (1) Summary of Significant Accounting Policies (Continued)

#### Reporting Entity (Continued)

<u>Jasper County Public Facilities Authority (Public Facilities Authority)</u> – The Public Facilities Authority promotes the public good and well-being of the citizens of Jasper County through its ability to enable financing to provide long-term capital projects including facilities, equipment, and services within Jasper County. The Authority was established by the Jasper County Board of Commissioners and approved by act of the Georgia General Assembly. The Public Facilities Authority is comprised of five (5) members who are residents of Jasper County and are appointed by the Board of Commissioners of Jasper County. The Public Facilities Authority does not issue separate financial statements.

<u>Development Authority of Jasper County (Development Authority)</u> - The Development Authority exists for the purpose of promoting and developing for the public good and general welfare, industry and trade, trade commerce, and employment opportunity in the County. The County makes all appointments to the Board. The County provides significant operating subsidies to the Authority. The Authority maintains its financial records on a calendar year ending December 31. Complete financial statements of the individual component unit can be obtained directly from the administrative office as follows:

#### Development Authority of Jasper County P.O. Box 270 Monticello, GA 31064

#### **Basis of Presentation**

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities and fund financial statements, which provide a more detailed level of financial information.

<u>Government-Wide Financial Statements</u> - The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information on all of the nonfiduciary activities of the primary government and its component units. The primary government and the component units are presented separately within these financial statements with the focus on the primary government. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and grants and County's general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of net position presents the financial position of the governmental and business-type activities of the County, and its discretely presented component units at year-end.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and for each identifiable activity of the business-type activities of the County. Direct expenses are those that are specifically associated with a function and therefore clearly identifiable to that particular function. The County does not allocate indirect expenses to functions in the statement of activities.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees and other charges to users of the County's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses.

#### (1) Summary of Significant Accounting Policies (Continued)

#### **Basis of Presentation (Continued)**

For identifying to which function program revenue pertains, the determining factor for charges for services is which function generates the revenue. For grants and contributions, the determining factor is to which function the revenues are restricted.

Other revenue sources not properly included with program revenues are reported as general revenues of the County. The comparison of direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business activity is self-financing or draws from the general revenues of the County.

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for Landfill and Curbside services. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of each fund. Investment earnings are classified as nonoperating revenues. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

<u>Fund Financial Statements</u> - During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. Fund financial statements are provided for governmental, proprietary, and fiduciary funds.

Major individual governmental and enterprise funds are reported in separate columns.

<u>Fund Accounting</u> - The County uses funds to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The County uses three categories of funds: governmental, proprietary, and fiduciary.

*Governmental Funds* - Government funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The County reports the difference between governmental fund assets and liabilities as fund balance.

The County reports the following major governmental funds:

*General Fund* - The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund's fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Georgia.

2018 SPLOST Capital Project Fund - The capital project fund collects sales taxes and uses these revenues to complete various budgeted roads, streets, and bridges projects; recreation projects; and public safety projects.

*Proprietary Funds* - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. The proprietary funds are classified as enterprise funds.

The County reports the following major proprietary funds:

The Landfill Fund - This fund is used to account for the operation of the County's landfills.

Curbside Fund - This fund is used to account for solid waste disposition.

### **Basis of Presentation (Continued)**

### Fund Accounting (Continued)

Additionally, the County reports the following fund types:

*Special Revenue Funds* – are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specific purposes.

*Capital Project Funds* – are used to account for financial resources to be used for the acquisition or construction of major capital assets, other than those financed by proprietary funds.

*Fiduciary Funds* - are used to account for assets held in a custodial capacity for individuals, organizations, or other governments. The County's fiduciary funds are all custodial funds.

### **Measurement Focus**

<u>Government-Wide Financial Statements</u> - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the County are included on the statement of net position. The statement of activities reports revenues and expenses. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs.

<u>Fund Financial Statements</u> - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus on both financial reporting levels. All assets and all liabilities associated with the operation of these funds are included on the statements of net position. The statements of changes in fund net position present increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

### **Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, the governmental funds use the modified accrual basis of accounting. Proprietary funds use the accrual basis of accounting at both reporting levels. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures. Custodial funds use the accrual basis of accounting to recognize assets and liabilities.

<u>Revenues - Exchange Transactions</u> - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, the phrase "available for exchange transactions" means expected to be received within 60 days of year-end.

### **Basis of Accounting (Continued)**

<u>Revenues - Non-Exchange Transactions</u> - Non-exchange transactions in which the County receives value without directly giving equal value in return, include sales taxes, property taxes, grants, and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the taxable sale takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (See Note 8.) Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the resources are provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions also must be available (i.e., collected within 60 days) before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: property taxes, sales taxes, and federal and state grants.

<u>Unearned Revenue</u> - Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

On governmental fund financial statements (i.e., on the modified accrual basis), receivables that will not be collected within the available period have been reported as unearned revenue (i.e., they are measurable but not available) rather than as revenue.

Grants and entitlements received before the eligibility requirements are met (e.g., cash advances) also are recorded as unearned revenue.

<u>Expenses / Expenditures</u> - On the accrual basis of accounting, expenses are recognized at the time they are incurred. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

### Cash and Cash Equivalents

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Investments are reported at fair value, which is determined using selected bases. Short-term investments are reported at cost, which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates, and investments that do not have an established market are reported at estimated fair value. Cash deposits are reported at carrying amount, which reasonably estimates fair value.

### Receivables

Receivables and due from other governments represent funds to be received from other local governments, state grant-in-aid, state contracts, or federal funds. No allowance is deemed necessary for these receivables.

Activity between funds that are representative of lending / borrowing arrangements outstanding at the end of the fiscal year are referred to as either *due to / from other funds* or *advances to / from other funds*. All other outstanding balances between funds are reported as *due to / from other funds*. Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

All trade and property tax receivables have been reduced to their estimated net realizable value and are shown net of an allowance for doubtful accounts. Estimated uncollectible amounts are based upon historical experience rates.

### **Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

### Capital Assets

Capital assets, which include property, plant, and equipment; and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items acquired subsequent to January 1, 2023) are reported in the applicable governmental or business-type activities column in the government-wide financial statements.

The County's and Joint 911 Authority's capital assets are defined as assets with an initial, individual cost of more than \$5,000, and an estimated useful life in excess of two years. The Board of Health's and Development Authority's capital assets are defined as assets with a cost of \$1,000 or more. The Public Facilities Authority does not report any capital assets. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The County's and its component units' donated capital assets are recorded at acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extended asset's lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Preliminary and interim costs incurred for capital projects are reported as "construction in progress". Costs related to abandoned projects are expensed when the project is abandoned.

Property, plant, and equipment of the County and its component units are depreciated using the straight-line method.

The County's capital asset classes have the following useful lives:

|                         | Estimated Useful Lives |                      |  |  |  |  |  |  |
|-------------------------|------------------------|----------------------|--|--|--|--|--|--|
|                         | Governmental           | <b>Business-Type</b> |  |  |  |  |  |  |
| Asset Class             | Activities             | Activities           |  |  |  |  |  |  |
| Buildings               | 20-40 Years            | 25-40 Years          |  |  |  |  |  |  |
| Machinery and Equipment | 3-10 Years             | 3-10 Years           |  |  |  |  |  |  |
| Vehicles                | 3-10 Years             | 3-5 Years            |  |  |  |  |  |  |
| Site Improvements       | 5-10 Years             | 5-10 Years           |  |  |  |  |  |  |
| Infrastructure          | 20-30 Years            | 20-30 Years          |  |  |  |  |  |  |

The Joint 911 Authority's capital asset classes have the following useful lives:

|                        | Estimated    |
|------------------------|--------------|
| Asset Class            | Useful Lives |
| Buildings              | 30 Years     |
| Equipment              | 3-10 Years   |
| Furniture and Fixtures | 3-10 Years   |
| Vehicles               | 5-10 Years   |
| Site Improvements      | 5-10 Years   |
| Infrastructure         | 20-30 Years  |

Additional information about the Board of Health's and Development Authority's capital asset useful lives is available in their separately issued financial statements.

### **Deferred Outflows / Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period or periods and so will not be recognized as an outflow of resources (expense / expenditures) until then. The County and its component units have two items that qualify for reporting in this category. The first is the deferred outflows of resources related to pension and is reported in the government-wide state of net position and the proprietary fund's statement of net position. The second is the deferred outflows of resources related to the Other Post-Employment Benefits (OPEB) plan and is reported in the governmental activities of the government-wide statement of net position only.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. The County its component units have four items that qualify for reporting in this category. The first item, unavailable revenue from property taxes, is reported as a deferred inflow of resources in the County's General Fund. These are funds that are not collected within 60 days of the year-end. This amount is deferred and recognized as an inflow of resources related to pension and are reported in the government-wide statement of net position and the proprietary fund's statement of net position. The third item is the deferred inflows of resources related to the OPEB plans and are reported in the governmental activities of the government-wide statement of net position. The fourth item is the deferred outflows of resources related to leases. These amounts are deferred and recognized as inflows of resources in the period that the amounts become available and recognized as an inflow of resources related to the open and are reported in the government-wide statement of net position.

### **Compensated Absences**

The County's and its component units' vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. There is no liability for unpaid accumulated sick leave since the government does not have a policy to pay any amounts when employees separate from service with the government.

All compensated absence liabilities include salary-related payments, where applicable.

The total compensated absence liability is reported on the government-wide financial statements. Proprietary funds report the total compensated liability in each individual fund at the fund reporting level. Governmental funds report the compensated absence liability at the fund reporting level only when due.

### Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of these funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are "due for payment" during the current year. Notes payable are recognized as a liability in the governmental fund financial statements when due.

At the inception of notes payable for capital asset purchases at the governmental fund reporting level, expenditures and an "other financing source" of an equal amount are reported at the net present value of future minimum debt service payments.

### Net Position

For government-wide reporting as well as in proprietary funds, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

### Fund Equity

In governmental fund types, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called fund balance. In the financial statements, the County's governmental funds report the following classifications of fund balance in accordance with *GASB Statement No. 54*:

- Nonspendable amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- Restricted amounts are restricted when constraints have been placed on the use of resources by (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Board through adoption of a resolution. The Board of Commissioners also may modify or rescind the commitment.
- Assigned amounts that are constrained by the County's intent to be used for specific purposes but are neither restricted nor committed. Through resolution, the Board of Commissioners has authorized the Finance Director to assign fund balances.
- Unassigned amounts that have not been assigned to other funds and that are not restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions - When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County's and its component units' policies to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County's and its component units' policies to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

### Fund Equity (Continued)

The County's fund balance policy requires a minimum level of unassigned fund balance of no less than 25 percent of the general fund revenue budget at the fiscal year end. It is the County's goal to maintain an unrestricted fund balance of 50 percent of the general fund revenue budget, and during no time unless a catastrophic event occurs shall the unrestricted fund balance drop below 45 percent of the County's general fund revenue budget.

The following is a summary of the County's governmental fund balance classifications as of June 30, 2024:

|                            |         |           | 2018            |    | Nonmajor    |                  |

### **Contributions of Capital**

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets or from grants or outside contributions of resources restricted to capital acquisition and construction.

### **Deficit** Net Position

<u>County (Primary Government)</u> - The Landfill Fund had a deficit net position of \$476,421. The County will closely monitor spending in this fund during future periods.

<u>Public Facilities Authority (Component Unit)</u> – The PFA had a deficit net position of \$6,043,498. The Public Facilities Authority holds revenue bonds payable in the amount of \$7,000,000 for the construction of the County's public safety building project. During 2024, the Public Facilities Authority incurred \$6,431,687 in capital outlay expenditures for construction cost of the project, (see Note 9). This deficit will be reduced as the debt service payments on the bonds are made, (see Note 17).

### Leases

<u>Lessor</u> - The County is a lessor for a noncancellable lease of a building. The County recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the government initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the County determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The government uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

### Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures / expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources / uses in governmental funds and the after nonoperating revenues / expenses section in proprietary funds. Repayments from funds responsible for particular expenditures / expenses to the funds that initially paid for them are not presented on the financial statements (i.e., they are netted).

Transfers between governmental and business-type activities on the government-wide statement of activities are reported as general revenues. Transfers between funds reported in the governmental activities' column are eliminated. Transfers between funds reported in the business-type activities column are eliminated.

### Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### (2) New Accounting Pronouncement

### GASB Statement No. 100, Accounting Changes and Error Corrections

The County and its component units, as applicable, have implemented GASB 100, "Accounting Changes and Error Corrections" and amendment of GASB Statement No. 62. The objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The Development Authority of Jasper County has a year end of December 31, 2023, and has elected not to early implement GASB No. 100, Accounting Changes and Error Corrections.

### (3) Stewardship, Compliance, and Accountability

### **Budgetary Information**

An annual operating budget is prepared for the general fund and all special revenue funds. The General Fund and Special Revenue Funds are subject to budgetary control on a departmental basis within each individual fund. Budgets are prepared for the capital projects funds on a project-length basis, which usually covers two or more years. The budget resolution reflects the total of each department's appropriation in each fund.

The General Fund budget is adopted on a basis consistent with GAAP except that the occurrence of capital obligations and the related capital lease expenditures are not budgeted. Budgets for the Special Revenue Funds are adopted on a basis consistent with GAAP. Budgets for capital projects funds are adopted on a basis consistent with GAAP except the budget period is a project period rather than an annual period. Any change in total to a fund or departmental appropriation within a fund requires approval of the County Commission. The County Manager may approve budget transfers within departments. The County Commission must approve transfers between departments. The General Fund is subject to budgetary control on a departmental basis, while Special Revenue Funds are subject to budgetary control on an individual fund basis.

All unexpended annual appropriations lapse at year-end.

### **Expenditures over Appropriations**

The County had expenditures in excess of appropriations for the following funds and departments:

| Fund                  | Amount |
|-----------------------|--------|
| General Fund          |        |
| General Government    |        |
| Conservation Salary   | \$ 750 |
| Judicial              |        |
| Juvenile Court        | 40     |
| Public Safety         |        |
| Sheriff's Office      | 3,031  |
| Courthouse Security   | 687    |
| Public Works          | 3,032  |
|                       |        |
| Special Revenue Funds |        |
| Law Library Fund      | 5,308  |

### (4) Deposits

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes and County policy require all deposits (other than federal or state government instruments) to be collateralized by depository insurance; obligations of the U.S. government; or bonds of public authorities, counties, or municipalities. As of June 30, 2024, the County had no bank balances that were exposed to custodial credit risk.

As of June 30, 2024, the County's carrying amount of deposits was \$17,450,273, and the bank balances were \$17,887,821.

### (4) Deposits (Continued)

As of June 30, 2024, the Health Department's bank balances were entirely insured or collateralized with securities held by the Health Department's agent in the Health Department's name. The Health Department's carrying amount of deposits was \$48,272.

As of June 30, 2024, the Joint 911 Authority's bank balances were entirely insured or collateralized with securities held by the Joint 911 Authority's agent in the Joint 911 Authority's name. The Joint 911 Authority's carrying amount of deposits was \$326,817, and the bank balances were \$328,930.

As of June 30, 2024, the Public Facility's held investments in short-term money market instruments that are classified as cash equivalents. These cash equivalents were covered by the SIPC. The Public Facility's carrying amount of deposits was \$2,138,832, and the bank balances were \$2,138,832.

As of December 31, 2023, the Development Authority's bank balances were entirely insured or collateralized with securities held by the Development Authority's agent in the Development Authority's name. The Development Authority's carrying amount of deposits was \$398,069.

### (5) Receivables

Amounts other than leases receivable are aggregated for certain fund and aggregated columns in the statements. At June 30, 2024, these receivables consisted of taxes, interest, and accounts (billings for user charges, including unbilled utility receivables). Receivables and payables are recorded on the County's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectibility.

|                                  |    |           |    | Nonmajor    |             |    |          |               |
|----------------------------------|----|-----------|----|-------------|-------------|----|----------|---------------|

### (6) Lease and Notes Receivable

### County (Primary Government)

The County has entered into a lease agreement with a lessee for the use of office space. The lease term at inception is 55 months, and the lease payments are due in monthly installments of \$2,200. The County has recorded a lease receivable of \$102,700, which represents the present value of the lease payments discounted at the County's incremental borrowing rate of 8.25 percent. The lease receivable is reported as a noncurrent asset in the government-wide statement of net position and at the fund level. The County recognizes interest revenue on the lease receivable over the lease term using the effective interest method.

During fiscal year 2024, the County recognized \$13,067 in lease revenue and \$4,585 in interest revenue under the lease.

### (6) Lease Receivables (Continued)

### County (Primary Government)

| Year Ending June 30, | Principal |        | I  | nterest | Total         |

### (8) Property Taxes

State law requires that property taxes be based on assessed value, which is 40 percent of market value. All real and personal property (including motor vehicles) is valued as of January 1 of each year and must be returned for tax purposes by March 1. With the exception of motor vehicles and the property of public utilities, which are valued by the State Revenue Department, all assessments are made by the Board of Tax Assessors of the County.

Exemptions are permitted for certain inventories. A homestead exemption is allowed for each taxpayer that is a homeowner and resides in the household as of January 1. There are other exemptions provided by state and local laws.

### (8) Property Taxes (Continued)

Upon completion of all assessments and tax returns, the information is turned over to the County Tax Commissioner for compilation of the tax digest. The completed tax digest must be submitted to the State Revenue Commissioner for approval. The State Revenue Commissioner must ascertain that real property on the tax digest has been assessed at the state mandated 40 percent of fair market value. The Commissioner has the option to withhold certain state funding if the mandated 40 percent level is not reached.

The County's Tax Commissioner distributes tax notices and collects tax payments. For most vehicles purchased after March 1, 2013, motor vehicle taxes are due upon the transfer of title and based on the fair value of the vehicle. The Tax Commissioner sends annual tax notices due by the owner's birthday for all other vehicles. The County's elected officials approved a 10.864 percent County-wide Maintenance & Operations (M&O) millage rate for the 2023 taxes. The 2023 unincorporated property taxes were mailed (levied) as of September 20, 2023, and were payable within 60 days on December 20, 2023.

The tax billing cycle for 2024 is as follows:

Assessment Date Levy Date Due Date and Collection Date Tax Execution Date / Lien Date January 1, 2023 August 1, 2023 December 20, 2023 January 1, 2024

### (9) Capital Assets

Capital asset activity for the year ended June 30, 2024, was as follows:

|                                     | Balance<br>July 1, 2023 | Additions        | Deletions          | Transfers      | Balance<br>June 30, 2024 |
|-------------------------------------|-------------------------|------------------|--------------------|----------------|--------------------------|

### (10) Interfund Balances, Transfers, and Advances

Interfund balances at June 30, 2024, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. The County expects to repay all interfund balances within one year.

The composition of the due to / from other funds as of June 30, 2024, is as follows:

| <b>Receivable Fund</b>      | Payable Fund                |    | Amount  |  |  |  |  |  |
|-----------------------------|-----------------------------|----|---------|--|--|--|--|--|
| General Fund                | eral Fund Landfill Fund     |    |         |  |  |  |  |  |
|                             | Curbside Fund               |    | 20,092  |  |  |  |  |  |
|                             | Nonmajor Governmental Funds |    | 41,779  |  |  |  |  |  |
| Nonmajor Governmental Funds | General Fund                |    | 709,612 |  |  |  |  |  |
|                             | Nonmajor Governmental Funds |    | 151,911 |  |  |  |  |  |
| Total                       |                             | \$ | 942,720 |  |  |  |  |  |

### (10) Interfund Balances, Transfers, and Advances (Continued)

| Transfers Out               | Transfers In  | <br>Amount    |
|-----------------------------|---------------|---------------|
| General Fund                | Landfill Fund | \$<br>148,915 |
| General Fund                | Nonmajor Fund | 33,234        |
| Nonmajor Governmental Funds | General Fund  | 14,468        |
| Curbside Fund               | General Fund  | <br>14,102    |
| Total                       |               | \$<br>210,719 |

Interfund transfers for the fiscal year ended June 30, 2024, consisted of the following:

Transfers are used to report revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed.

All County transfers either occur on a regular basis or are consistent with the purpose of the fund making the transfer.

### (11) Landfill Closure and Post-Closure Care Cost

State and federal laws and regulations require the County to place a final cover on the landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. This is in addition to the normal operating expenses related to the current activities of the landfill. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used at fiscal year end. The \$1,646,646 reported as landfill closure and post-closure care liability at June 30, 2024, represents the cumulative amount reported to date based on the use of 100 percent of the estimated capacity of the SL landfill site at Highway 212 and 80 percent of the estimated capacity of the C&D landfill site. These amounts are based on what it would cost to perform all closure and post-closure care in 2024. The County has estimated the closure and post-closure costs associated with the landfills to be \$2,014,404, leaving \$367,758 of closure and post-closure costs that has not yet been recognized by the County. The remaining estimated life of the C&D landfill site is 19 years. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

### (12) Long-Term Debt

### **County Notes Payable**

The County has entered into multiple notes payable for the purchase of vehicles. The notes payable payments are reflected as debt service expenditures at the governmental fund reporting level. The vehicles acquired by these notes payable are included in capital assets.

### (12) Long-Term Debt (Continued)

### **County Notes Payables (Continued)**

The County has the following notes payable as of June 30, 2024:

### **Governmental Activities**

| Total Governmental Activities  | \$<br>260,432 |

### Public Facilities Authority Bonds Payable

On July 1, 2022, the Jasper County Public Facilities Authority issued Revenue Bonds (Jasper County Project) Series 2022 (the Series 2022 Bond) in the aggregate principal amount of \$7,000,000 for the purpose of financing all or a portion of the costs of constructing and equipping a new addition to the existing County jail (the "Project") that will be used by the County to carry out its governmental purposes and for paying the costs of issuing the Series 2022 Bond. The Series 2022 Bond bears an interest rate of 3.28 percent and will mature on May 1, 2040. Debt service payments consist of interest payments due in semiannual installments and principal payments due annually. During 2024 interest-only payments of \$229,600 were made. As of June 30, 2024, the outstanding principal of the Series 2022 Bond is \$7,000,000.

### (13) Pension Plans

### ACCG Defined Benefit Plan

### Plan Description

The County contributes to the Association County Commissioners of Georgia (ACCG) Defined Benefit Plan (Plan), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating Counties in Georgia. ACCG issues a publicly available financial report that includes financial statements and required supplementary information (RSI) for the Plan. That report may be obtained by writing to GEBCorp, 400 Galleria Parkway, Suite 1250, Atlanta, Georgia 30339 or by calling (800) 736-7166.

### Participation

All full-time County employees are eligible to participate in the Plan after completing two years of service.

### Benefits

Participants become eligible to retire at age 65 with three years of participation in the Plan. Benefits vest after four years of service. Upon eligibility to retire, participants are entitled to an annual benefit in the amount of 0.5 percent of average annual compensation up to \$10,000 plus one percent of average annual compensation in excess of \$10,000 plus \$50 for each year of service payable as a life annuity. Service is limited to 35 years. Compensation is averaged over a five-year period prior to retirement or termination.

### ACCG Defined Benefit Plan (Continued)

### Plan Membership

As of January 1, 2024, the date of the most recent actuarial valuation date, pension plan membership consisted of the following:

| Retirees, Beneficiaries, and Disabled Receiving Benefits | 31  |
|--|-----|
| Terminated Plan Participants Entitled to But Not Yet     |     |
| Receiving Benefits                                       | 69  |
| Active Employees Participating in the Plan               | 73  |
| Total Number of Plan Participants                        | 173 |

### **Contributions**

The County is required to contribute an actuarially determined amount to the plan. The contribution amount is determined using actuarial methods and assumptions approved by the ACCG Plan Trustee. The Board of Trustees of the ACCG Plan has adopted a recommend actuarial funding policy for the plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the plan. Administrative expenses are based on total covered compensation of active plan participants and are added to the state required annual funding requirement. Plan members are not required to make contributions to the plan. For the year ended June 30, 2024, the County's contribution rate was 5.9 percent of annual payroll.

### Actuarial Assumptions

The total pension liability as of June 30, 2024, was determined by an actuarial valuation as of January 1, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation                 | N/A                                    |
|---------------------------|--|
| Future Salary Increases   | 6.00% per year with an age-based scale |
| Investment Rate of Return | 7.00%                                  |

Mortality rates were based on the Pub-2010 GE (50%) & PS (50%) Amt-Weighted with Scale AA to 2022 (Pre-Retirement: Employee, Post-Retirement: Retiree)

### Long-term Expected Rate of Return

The long-term rate of return on pension plan investments was determined through a blend of using a building-block method based on 20-year benchmarks (33.33 percent) and 30-year benchmarks (33.33 percent), as well as the forward-looking capital market assumptions for a moderate asset allocation (33.34 percent), as determined by UBS. Expected future rate of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rate of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major class included in the pension plan's target asset allocation as of December 31, 2023, are summarized in the following tables:

### ACCG Defined Benefit Plan (Continued)

### Long-term Expected Rate of Return (Continued)

| Asset<br>Class    | Target<br>Allocation | Long-Term<br>Expected<br>Real Rate<br>of Return |

| Global Allocation | 5.00%                | 2.5% - 10%                                      |
| Total             | 100.00%              |   |

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the County reported a net pension asset. The net pension asset was measured as of December 31, 2023. The total pension liability used to calculate the net pension asset was based on an actuarial valuation as of January 1, 2024. An expected total pension asset as of June 30, 2024, was determined using standard roll-forward techniques.

For the year ended June 30, 2024, the County recognized pension expense relative to ACCG in the amount of \$(14,986).

At June 30, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to the Pension from the following sources:

|  | Deferred<br>Outflows of<br>Resources | Deferred<br>Inflows of<br>Resources |  |
|--|--------------------------------------|-------------------------------------|--|
| Differences Between Projected and Actual Earnings  |                                      |                                     |  |
| on Pension Plan Investments                        | \$ 216,292                           | \$ -                                |  |
| Differences Between Expected and Actual Experience | 582                                  | (129,913)                           |  |
| Change in Assumptions                              | 185,129                              | -                                   |  |
| Employer Contributions Subsequent to the           |                                      |                                     |  |
| Measurement Date                                   | 184,391                              |                                     |  |
|  | \$ 586,394                           | \$ (129,913)                        |  |

### ACCG Defined Benefit Plan (Continued)

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

County contributions subsequent to the measurement date of December 31, 2023, of the net pension liability, but before the end of the County's reporting period are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense for the years ended December 31 are as follows:

| Year | A  | Amount   |  |  |
|------|----|----------|--|--|
| 2025 | \$ | 35,771   |  |  |
| 2026 |    | 87,441   |  |  |
| 2027 |    | 231,279  |  |  |
| 2028 |    | (82,401) |  |  |

| Balances at June 30, 2024                    | \$ | 5,084,887                 | \$ | 5,959,915                 | \$ | (875,028)                        |  |

The County's net pension liability (asset) is recorded in the government-wide statement of net position in the amount of \$(875,028). At June 30, 2024, the County's governmental activities reported a net pension asset in the amount of \$859,604 and the business-type activities in the amount of \$15,424.

### Discount Rate

The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

### ACCG Defined Benefit Plan (Continued)

### Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate

The following presents the County's net pension liability (asset) calculated using the discount rate of 7.00 percent, as well as what the County's net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

|  | 1%              |       | Current |                     |                   | 1%          |

| to Changes in the Discount Rate                  | \$ (136         | ,868) | \$      | (875,028)           | \$                | (1,483,382) |

### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued ACCG financial report which is publicly available at www.gebcorp.com.

### Jasper County Joint 911 Authority Retirement Plan (Component Unit)

### Plan Description

The Authority's defined benefit pension plan, Jasper County Joint 911 Authority Retirement Plan, (the Plan) was established by an adoption agreement executed by the Authority's board. The Plan is affiliated with the Georgia Municipal Employees Benefit System (GMEBS) an agent multiple-employer pension plan administered by the Georgia Municipal Association. The Georgia Municipal Association issues a publicly available financial report on GMEBS that includes financial statements and required supplementary information. That report may be obtained by writing to Georgia Municipal Association, 201 Pryor Street, Atlanta, Georgia, 30303-3606.

### Benefits

The GMEBS Plan provides retirement, disability and death benefits to plan members and beneficiaries. Effective January 1, 2015, the Plan was amended to provide for immediate participation for employees. This change has no impact on service credited under the Plan and has no impact on benefits.

### Plan Membership

As of July 1, 2023, the date of the most recent actuarial valuation date, pension plan membership consisted of the following:

| Retirees, Beneficiaries, and Disabled Receiving Benefits | 6  |
|--|----|
| Terminated Plan Participants Entitled to but not yet     |    |
| Receiving Benefits                                       | 8  |
| Active Employees Participating in the Plan               | 9  |
| Total Number of Plan Participants                        | 23 |

### Jasper County Joint 911 Authority Retirement Plan (Component Unit) (Continued)

### **Contributions**

The plan members are not required to contribute to the plan. The Authority is required to contribute at an actuarially determined rate; the current rate is 6.29 percent of annual covered payroll. The contribution requirements of the Authority are established and may be amended by the GMEBS Board of Trustees.

### Actuarial Assumptions

The total pension liability as of June 30, 2024, was determined by an actuarial valuation as of January 1, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation                 | 2.25%   |
|---------------------------|---|
| Salary Increase           | 2.25%, Plus service-based merit increases           |
| Investment Rate of Return | 7.375%, On-going basis, based on long-term expected |
|                           | rate of return of pension plan investments          |

The methods and assumptions used in the July 1, 2023, valuation were approved by the Board in December 2019 based on the results of an actuarial experience study for the period January 1, 2015 through June 30, 2019 conducted by Segal in November and December of 2019.

Mortality rates were based on the Sex-distinct Pri-2012 head-count weighted Healthy Retiree Mortality Table with rates multiplied by 1.25 for healthy retirees and beneficiaries, the Sex-distinct Pri-2012 head-count weighted Disabled Retiree Mortality Table with rates multiplied by 1.25, the Sex-distinct Pri-2012 head-count weighted Employee Mortality Table for active participants, terminated vested participants, and deferred beneficiaries, and the 1994 Group Annuity Reserving Unisex Table.

### Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The difference between the resulting rate and the rate on the ongoing basis is a margin for adverse deviation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of March 31, 2023 (see the discussion of the pension plan's investment policy) are summarized in the following table:

| Asset<br>Class        | Target<br>Allocation | Long-Term<br>Expected Real<br>Rate of Return |
|-----------------------|----------------------|--|
| Domestic Equity       | 45%                  | 6.40%  |
| International Equity  | 20%                  | 6.80%  |
| Domestic Fixed Income | 20%                  | 0.40%  |
| Real Estate           | 10%                  | 3.90%  |
| Global Fixed Income   | 5%                   | 0.46%  |
| Total                 | 100%                 |  |

### Jasper County Joint 911 Authority Retirement Plan (Component Unit) (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the Authority reported a net pension liability of \$32,870. The net pension liability was measured as of March 31, 2023. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of July 1, 2023. An expected total pension liability as of June 30, 2024, was determined using standard roll-forward techniques.

For the year ended June 30, 2024, the Authority recognized pension expense relative to GMEBS in the amount of \$65,231. At June 30, 2024, the Authority reported deferred outflows of resources and deferred inflows of resources related to the Pension from the following sources:

|  | Deferred<br>Outflows of<br>Resources |        | Deferred<br>Inflows of<br>Resources |          |
|--|--------------------------------------|--------|-------------------------------------|----------|
| Differences Between Expected and Actual Experience   | \$                                   | 13,150 | \$                                  | (13,709) |
| Changes of Assumptions                               |                                      | -      |                                     | (810)    |
| Net Difference Between Projected and Actual Earnings |                                      | -      |                                     |          |
| on Pension Plan Investments                          |                                      | -      |                                     | (20,217) |
| Employer Contributions Subsequent to the Measurement |                                      | 7,584  |                                     |          |
|  | \$                                   | 20,734 | \$                                  | (34,736) |

Authority contributions subsequent to the measurement date of March 31, 2023 of the net pension liability, but before the end of the Authority's reporting period, are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense for the years ended December 31 as follows:

| Year | Amount     |
|------|------------|
| 2025 | \$(17,690) |
| 2026 | 12,503     |
| 2027 | 7,877      |
| 2028 | (24,276)   |

The Authority's net pension liability is recorded in the government-wide statement of net position in the amount of \$32,870.

### Discount Rate

The discount rate used to measure the total pension liability was 7.375 percent. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the Authority's net pension liability calculated using the discount rate of 7.375 percent, as well as what the Authority's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.375 percent) or 1-percentage-point higher (8.375 percent) than the current rate:

|   | 1%                 | (  | Current            | 1%                 |
|---|--------------------|----|--------------------|--------------------|
|   | Decrease<br>6.375% |    | ount Rate<br>.375% | Increase<br>8.375% |
| Sensitivity of the Net Position Liability |                    |    |                    |                    |
| to Changes in the Discount Rate           | \$ 69,027          | \$ | 32,870             | \$ (3,287)         |

### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued GMEBS financial report which is publicly available at www.gmanet.com.

### (14) Risk Management

The County is exposed to various risks of losses related to torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has joined together with other counties in the state as part of the Interlocal Risk Management Agency (IRMA) for property and liability insurance and the ACCG-Group Self-Insurance Workers' Compensation Fund (WCSIF), public entity risk pools currently operating as common risk management and insurance programs for member local governments. The Association County Commissioners of Georgia (ACCG) administers both risk pools.

As part of these risks pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pools' agents and attorneys to represent the County in investigation, settlement discussions, and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member governments' contracts and in accordance with the workers' compensation laws of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation, or defense.

There were no significant reductions in insurance coverage from prior year, and there have been no settlements that exceeded the County's insurance coverage during the past three years.

### (15) Contingent Liabilities

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement to the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the County believes such disallowances, if any, will be immaterial.

The County was a defendant in several lawsuits at June 30, 2024. In the opinion of County management, the outcome of these contingencies will not have a material effect on the financial position of the County.

### (16) Joint Ventures

Under Georgia law, the County, in conjunction with other cities and counties in the fourteen county east central Georgia area, is a member of the Northeast Georgia Regional Commission (RC) and is required to pay annual dues thereto. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the RC in Georgia. The RC Council membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements of the NEGRC may be obtained from:

Northeast Georgia Regional Commission 305 Research Drive Athens, GA 30605-2795

During 1998, the Joint Development Authority of Jasper, Morgan, Newton and Walton Counties (the Joint Development Authority), a joint venture, was formed for the purpose of purchasing and developing an industrial site. The land was purchased through the Walton County Development Authority, until such time as the Joint Development Authority could issue permanent bonds financing the project. The stated percentages of ownership and debt assumption are as follows: Newton County 37.5 percent, Walton County 37.5 percent, Morgan County 15 percent, and Jasper County 10 percent. The County records the investment in the joint venture at a value of \$2,537,990, using the equity interest method.

### (16) Joint Ventures (Continued)

Separate financial statements can be obtained from:

Joint Development Authority of Jasper, Morgan, Newton and Walton Counties C/O Madison Chamber of Commerce 115 East Jefferson Street Madison, Georgia 30650

### (17) Intergovernmental Financial Guarantees

### Intergovernmental Agreements between Jasper County and the Development Authority of Jasper County

On April 1, 2015, the County and the Development Authority of Jasper County (Issuer) entered into an intergovernmental agreement for the purpose of issuing revenue bonds. The Issuer proposes to issue, sell, and deliver the Development Authority of Jasper County Revenue Bonds (Thompson & Thwaite, LLC Project) Series 2015 (the Bonds) in the aggregate principal amount of \$1,800,000 for the purpose of financing the costs of the project and the costs of issuing the Bonds. The debt service payments are to be paid from the lease proceeds received from Thompson & Faircloth, LLC, formerly Thompson & Thwaite, LLC. If the Authority doesn't collect sufficient lease proceeds to cover the debt service payments, the County shall pay to the Trustee moneys sufficient to provide for the payment of the debt service as the same becomes due and payable.

On March 5, 2019, the County and the Development Authority of Jasper County (Issuer) entered into an intergovernmental agreement for the purpose of issuing a promissory note. The Issuer proposes to issue, sell, and deliver its Development Authority of Jasper County Promissory Note (Jasper County Board of Health Project), Series 2019, (the Note), in the aggregate principal amount of \$802,818 for the purposes of the Board to acquire, improve, and equip a portion of that certain governmental office building and related improvements located at 825 Eaton Street, Monticello, Georgia.

The County shall be responsible to the Authority for servicing the debt secured by the property to the extent that such debt service is not paid by the Authority's income related to the property, such as rental payments from tenants of the property, or grants or other third-party payments used to reduce the debt related to the property. During September 2023, the Authority paid off the remaining principal and interest on this note. No further balance remains on this note payable.

On August 1, 2020, the County and the Development Authority of Jasper County (Issuer) entered into an intergovernmental agreement for the purpose of issuing a promissory note. The Issuer proposes to issue, sell, and deliver its Development Authority of Jasper County Promissory Note (Water, Wind & Soil, LLC Project), Series 2020, (the Note) in the aggregate principal amount of \$1,850,000 for the purpose of funding the acquisition and improvement of the property. The County shall be responsible to the Authority for servicing the debt secured by the property to the extent that such debt service is not paid by the Authority's income related to the property, such as rental payments from tenants of the property, or grants or other third-party payments used to reduce the debt related to the property. The aggregate payments required of the County shall not in any fiscal year exceed the amount of money that would be produced by the levy of an ad valorem property tax on all taxable property located within the boundaries of the County at a millage rate not to exceed one mill taking into account such other pledges of the economic development millage in effect for any given year.

### Intergovernmental Agreements between Jasper County and the Jasper County Public Facilities Authority

On July 1, 2022, the County and the Jasper County Public Facilities Authority (the Authority) (Issuer) entered into an intergovernmental agreement for the purpose of issuing revenue bonds. The Issuer proposes to issue, sell, and deliver the Public Facilities Authority Revenue Bond (Jasper County Project) Series 2022 (the Bond) in the aggregate principal amount of \$7,000,000 for the purpose of financing all or a portion of the costs of constructing and equipping a new addition to the existing County jail (the Project) that will be used by the County to carry out its governmental purposes and for paying the costs of issuing the Bonds.

### (17) Intergovernmental Financial Guarantees (Continued)

### Intergovernmental Agreements between Jasper County and the Jasper County Public Facilities Authority (Continued)

The County agrees to pay to the Authority (or its assignee or designee) amounts sufficient to enable the Authority to pay all amounts due and owing under the Bonds, including, but not limited to, the principal of and interest on the Bond and the prepayment premium (if any), whether by maturity, prepayment, or otherwise.

### (18) Hotel / Motel Occupancy Tax

The County imposes a hotel / motel tax on lodging facilities in the unincorporated area of the County. The tax is assessed at five percent and, in accordance with O.C.G.A. 48-13-51, the County is required to spend at least 40 percent of this for promoting tourism, conventions, and trade shows. The County collected hotel /motel tax revenues in the amount of \$28,937 for the year ended June 30, 2024. Of this amount 50 percent was used to promote tourism.

### (19) Adjustments and Restatements to Beginning Balances

### Change Within the Reporting Entity

During the fiscal year ended June 30, 2024, the County re-evaluated its fund classifications and determined that certain funds previously reported as nonmajor funds should be reported as major funds, and vice versa.

### **Error** Correction

Impact fees are restricted to projects per the County's approved Capital Improvements Element (CIE). In the prior fiscal year, the County expended impact fees on projects not included in the CIE. These expenditures in the amount of \$47,651 were reimbursed by the Capital Improvements Fund. This error understated the fund balance of the Impact Fee Fund and overstated the fund balance of the Capital Improvements fund in the prior year. This error correction did not have any effect on total major governmental fund balances or total nonmajor governmental funds balances.

### **JASPER COUNTY, GEORGIA**

### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2024

### (1) Association County Commissioners of Georgia Jasper County Defined Benefit Plan

### **Changes of Assumptions**

• The mortality improvements for the Pub-2010 GE (50 percent) and PS (50 percent) Amt-Weighted mortality table are projected to 2023 instead of 2022 with Scale AA.

Based on the February 2024 experience study:

- The adjustment to the base salary increase rate was increased from 1.0 percent to 1.5 percent for participants under age 30.
- The base salary scale was changed from 4.50 percent to 6.00 percent.
- The turnover table was extended to age 60.
- The disability table was changed to reflect recent disability experience.
- The retirement rates were updated to reflect actual retirement rates over the past 5 years.

Valuation Date

The actuarially determined contribution rate was determined as of January 1, 2023, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution rate will be reported for the fiscal year ending June 30, 2024.

### Methods and Assumptions Used to Determine Contribution Rates

| Actuarial Cost Method            | Entry Age Normal  |
|----------------------------------|---|
| Actuarial Asset Valuation Method | Smoothed Market Value with a 5-Year Smoothing   |
| Net Investment Rate of Return    | 7.00%   |
| Projected Salary Increases       | 4.50% per year with an Age-Based Scale  |
| Cost of Living Adjustments       | N/A   |
| Retirement Age                   | Ages 55-60 rate of 10%, Age 61-63 Rate of 10%, Age 64<br>Rate of 20%, Ages 65-66 Rate of 30%, Age 67 Rate of 30%,<br>Ages 68 – 69 Rate of 30\$, and Age 70 Rate of 100% |
| Mortality                        | Pub-2010 GE (50%) & PS (50%) Amount-Weighted with<br>Scale AA to 2024 (Pre-Retirement: Employee,<br>Post-Retirement: Retiree).  |

# (2) Jasper County Joint 911 Authority Retirement Plan

# Changes of Assumptions

There have been no changes in methods or assumptions since the last valuation.

# **Benefit** Changes

There were no changes in benefit provisions in the last two fiscal years.

| Valuation date | The actuarially determined contribution was                 |
|----------------|---|
|                | determined as of July 1, 2023, with an interest             |
|                | adjustment to the fiscal year. Contributions in relation to |
|                | this actuarially determined contribution rate will be       |
|                | reported for the fiscal year ending July 30, 2024.          |

## Methods and Assumptions Used to Determine Contribution Rates

| Actuarial Cost Method         | Entry Age Normal  |
|-------------------------------|---|
| Amortization Method           | Closed level dollar for the remaining unfunded liability  |
| Remaining Amortization Period | N/A   |
| Asset Valuation Method        | Sum of actuarial value at beginning of year and the cash<br>flow during the year plus the assumed investment return,<br>adjusted by 10% of the amount that the value exceeds<br>or is less than the market value at the end of the year.<br>The actuarial value is adjusted, if necessary, to be within<br>20% of market value.   |
| Net Investment Rate of Return | 7.375%  |
| Projected Salary Increases    | 2.25% plus service-based merit increases  |
| Cost of Living Adjustments    | N/A   |
| Retirement Age                | Ages 55-59 rate of 10%, age 60 rate of 20%, age 61 rate of 25%, age 62 rate of 35%, age 63 rate of 40%, age 64 rate of 45%, ages 65-69 rate of 60% and age 70 and over rate of 100%   |

SUPPLEMENTARY INFORMATION

## **JASPER COUNTY, GEORGIA**

# NONMAJOR GOVERNMENTAL FUNDS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

## **Special Revenue Funds**

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

*Law Enforcement Confiscation Fund* - This fund accounts for Federal and State condemned funds received and disbursed for Law Enforcement expenditures.

*Law Library Fund* - This fund accounts for the resources of a centralized law library per State Law.

Jail Fund - This fund accounts for fines collected as required by State Law for jail operations and construction.

*Drug Education Fund* - This fund accounts for fines collected as required by State Law for drug abuse treatment and educational purposes.

*Victims Assistance Fund* - This fund accounts for the resources received from the various courts of Jasper County for assistance to victims of crime.

**Opioid Settlement Fund** – This fund accounts the opioid settlement funds collected and the expenditures for opioid remediation.

*American Rescue Plan Fund* – This fund accounts for the federal grant funds received and administered by the County.

*Hotel / Motel Tax Fund* - This fund accounts for the hotel/motel taxes collected and expenditures relative to tourism.

# **Capital Projects Funds**

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

*Impact Fees Fund* - This fund is used to account for the proceeds and various projects associated with the approved Impact Fees.

2012 SPLOST Fund - This fund was established to account for the proceeds and various projects associated with the 2012 SPLOST.

*Food Bank Community Development Block Grant (CDBG) Fund* - This fund is used to collect the Food Bank Community Development Block Grant proceeds and the Food Bank construction capital project approved for those funds.

*LMIG Fund* - The capital project fund collects the Georgia Department of Transportation Local Maintenance and Improvement Grant proceeds and uses these revenues to complete capital projects approved for those funds.

## **JASPER COUNTY, GEORGIA**

# NONMAJOR GOVERNMENTAL FUNDS FOR THE FISCAL YEAR ENDED JUNE 30, 2024 (CONTINUED)

## **Capital Projects Funds (Continued)**

*Capital Improvements Fund* – This fund was established to account for investment revenue from the Joint Venture Investment and other revenues and the costs of various capital projects to be funded by those revenues.

*2024 SPLOST Fund* - This fund was established to account for the proceeds and various projects associated with the 2024 SPLOST.

# **JASPER COUNTY, GEORGIA** STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE **JASPER COUNTY 911 AUTHORITY COMPONENT UNIT** FOR THE FISCAL YEAR ENDED JUNE 30, 2024

| Revenues   |            |          |
|--|------------|----------|
| Intergovernmental Revenue  | \$         | 585,954  |
| Charges for Service  |            | 280,728  |
| Interest Earnings  |            | 2,211    |
| Miscellaneous Revenues   |            | 1,761    |
| Total Revenues   |            | 870,654  |
| Expenditures   |            |          |
| Current  |            |          |
| Public Safety  |            | 766,546  |
| Total Expenditures   |            | 766,546  |
| Net Change in Fund Balance   |            | 104,108  |
| Fund Balance - Beginning of Year   |            | 268,841  |
| Fund Balance - End of Year   | \$         | 372,949  |
| Net Changes In Fund Balances - Governmental Fund   | \$         | 104,108  |
| Amounts reported for governmental activities in the statement of activities are different because:   |            |          |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense for the current period.   | 5          | (24,564) |
|  |            |          |
| Changes in deferred outflows of resources related to pensions are not available during the current period.   |            | (35,263) |
| Under the modified accrual basis of accounting used in governmental funds, expenditures are<br>not recognized for transactions that are not normally paid with expendable available financial<br>resources. In the Statement of Activities, however, which is presented on the accrual basis<br>expenses and liabilities are reported regardless of when financial resources are available. In<br>addition, interest on long-term debt is not recognized under the modified accrual basis of<br>accounting until due, rather than as it accrues. The adjustments for these items are as follows:<br>Compensated Absences | <br>,<br>1 | 23,823   |
| Net Pension Liability  |            | (19,071) |
| Changes in deferred inflows of resources related to pensions are not available to pay for current period expenditures and therefore, are not reported in the funds.  |            | 8,818    |
| Change in Net Position of Governmental Activities  | \$         | 57,851   |
| e  | -          | , - • -  |

## **JASPER COUNTY, GEORGIA**

# NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

## (1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Jasper County, Georgia under programs of the federal government for the fiscal year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Jasper County, Georgia, it is not intended to and does not present the financial position, changes in net position, or cash flows of Jasper County, Georgia.

# (2) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

# (3) Indirect Cost Rate

Jasper County, Georgia has elected not to use the 10 - percent de minimis indirect cost rate allowed under the Uniform Guidance.

February 26, 2025

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Jasper County, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Jasper County, Georgia** (the "County") as of and for the year ended June 30, 2024 and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated February 26, 2025. Our report includes a reference to other auditors who audited the financial statements of the Jasper County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

# **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2024-001 and 2024-002 that we consider to be material weaknesses.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the accompanying schedule of findings and questioned costs as item 2024-003.

## Jasper County, Georgia's Response to Findings

*Government Auditing Standards* requires the auditor to perform limited procedures on the County's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

Board of Commissioners Jasper County, Georgia

# **Report on Compliance for Each Major Federal Program**

# **Opinion on Each Major Federal Program**

We have audited **Jasper County**, **Georgia's** (the "County") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2024. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

# Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

# **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

# Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

# **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency or a combination of deficiencies, in internal control over compliance with a type of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# (2) Financial Statement Findings

Findings noted on the Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*:

# 2024-001 Restatement of Beginning Fund Balance – Error Correction

# CRITERIA

Timely and accurate financial reports are essential in order to perform analysis of the financial condition of the County, review data for accuracy and completeness, monitor compliance with budget appropriations, and to prepare annual financial statements.

# 2024-001 Restatement of Beginning Fund Balance – Error Correction (Continued)

# CONDITION

The County's Impact Fee Fund's expenditures were overstated and the Capital Improvement Fund's expenditures were understated in the prior fiscal year.

# CONTEXT

- Material audit adjustments were required to correct beginning fund balances for the fiscal year ended June 30, 2024, as follows:
  - Impact Fee Fund to increase fund balance by \$47,651
  - Capital Improvement Fund to decrease fund balance by \$47,651

## EFFECT

The County's accounting records contained material errors which were identified and adjusted during the annual audit process.

## CAUSE

Per Georgia Code (36-71-8), expenditures of development impact fees shall be made only for the category of system improvements and in the service area for which the development impact fee was imposed as shown by the Capital Improvement Element (CIE) and as authorized by this chapter. In fiscal year 2023, impact fee funds totaling \$47,651 were expended on projects that were not in the approved Capital Improvement Element (CIE). The County was required to reimburse the Impact Fee Fund for these expenditures in fiscal year 2024.

# RECOMMENDATION

We recommend the County implement procedures to ensure impact fee funds are only expended on projects in the approved Capital Improvement Element (CIE) and for finance personnel and management to receive additional training on impact fee funds to ensure that amendments to the Capital Improvement Element (CIE) are properly administered.

# VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS

Management agrees with the finding. Management has worked with Department of Community Affairs to correct the issues related to Annual Capital Improvement Element Update. Management has also recently attended Capital Improvement Element Training hosted by Northeast Georgia Regional Commission.

# 2024-002 E-911 Authority (Component Unit) – General Ledger Maintenance

#### CRITERIA

Timely and accurate financial reports are essential in order to perform analysis of the financial condition of the E-911 Authority, review data for accuracy and completeness, monitor compliance, and to prepare annual financial statements.

#### CONDITION

Internal controls did not identify misstatements with the reporting of cash, prepaids, revenue, accrued expenses, and expenditures.

# CONTEXT

Audit procedures identified that material adjustments were necessary to correct year-end balances as follows:

- A material audit adjustment was required to decrease cash and revenue by \$44,758.
- A material audit adjustment of \$30,796 was needed to increase current year prepaids to decrease equipment maintenance expenditures.
- Material audit adjustments of \$12,856 and \$20,740 were required to reverse prior year accrued expenses for payroll and record current year accrued expenses for payroll at year-end, respectively.

## (2) Financial Statement Findings (Continued)

## 2024-002 E-911 Authority (Component Unit) – General Ledger Maintenance (Continued)

#### EFFECT

The E-911 Authority's accounting records contained material errors which were identified and adjusted during the audit process.

## CAUSE

The E-911 finance personnel lacked an understanding of the requirements to record accounting transactions.

#### RECOMMENDATION

We recommend the E-911 Authority finance personnel to receive additional training. In addition, we recommend the E-911 Authority implement procedures to ensure that all accounting transactions have been properly recorded and to ensure that all accruals have been made at year end and that prior year accruals have been properly reversed.

## VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS

Management agrees with the finding. Finance will work with E-911 Authority Component Unit to assist with year-end close-out process.

# (3) Financial Statement Compliance Findings

# 2024-003 Budgetary Control-Expenditures Exceeding Appropriations (36-81-3)

#### CRITERIA

In order to comply with the applicable legal requirements regarding budgets, procedures must exist to properly monitor compliance with the State law. Georgia Code (36-81-3) requires an annual balanced budget for the General Fund and each Special Revenue Fund.

#### CONDITION

The expenditures in the County's General Fund exceeded appropriations in various departments. Expenditures also exceeded appropriations at the fund level in the Law Library Special Revenue Fund.

# CONTEXT

Expenditures exceeded appropriations as follows:

| Fund                  | Amount |
|-----------------------|--------|
| General Fund          |        |
| General Government    |        |
| Conservation Salary   | \$ 750 |
| Judicial              |        |
| Juvenile Court        | 40     |
| Public Safety         |        |
| Sheriff's Office      | 3,031  |
| Courthouse Security   | 687    |
| Public Works          | 3,032  |
| Special Revenue Funds |        |
| Law Library Fund      | 5,308  |

# (3) Financial Statement Compliance Findings (Continued)

# 2024-003 Budgetary Control-Expenditures Exceeding Appropriations (36-81-3) (Continued)

## EFFECT

The County is not in compliance with State law.

# CAUSE

The County failed to properly monitor the status of budgeted expenditures.

## RECOMMENDATION

We recommend the County develop procedures to more closely monitor budgeted expenditures during the year and adopt budget amendments for expenditures exceeding appropriations at year-end.

# VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS

Management agrees with the finding. Finance will continue to monitor the budget monthly to control expenditures and make necessary budget amendments between budget line items as necessary.

# (4) Federal Award Findings and Questioned Costs

No matters were reported.
